

Horizon Europe Funding Opportunities - 2021

Culture, Creativity and Inclusive society

ISERD is the interface between the Israeli government and the European Union, encouraging Israeli entities to participate in funding opportunities, and assisting in the process. ISERD holds events, information days, and [monthly Orientation Presentations](#) to give more information about funding opportunities

Horizon Europe -

[Horizon Europe](#) is a 95 billion euro funding programme for innovation and research, that covers all major scientific and technological disciplines, and encourages collaborative projects (consortium) for a joint goal.

- Consortium –
 - ✓ At least 3 partners from 3 different countries participating in the programme
 - ✓ Out of the 3, at least one partner must be from an EU country
 - ✓ A partner can be any legal entity – University, company, agency, organisation, etc...
- Funding Tools –

Action	Funding*	Main Characteristics
RIA – Research & Innovation Action	100% + 25%	Basic and applied research , technology development and integration, testing and validation - small-scale prototype in laboratory or simulated environment
IA – Innovation Action	70% + 25%	Prototyping , testing, demonstrating, piloting, large-scale product validation and market replication
CSA - Coordination & Support Action	100% + 25%	Networking , coordination or support services , policy dialogues and mutual learning exercises and studies

* Non profit – always 100%

DISCLAIMER - The participation of Israeli entities, as associated country members, in Horizon Europe projects, is subject to the signing of the 'Association Agreement' to the programme between Israel and the EU, before the first project's Grant Agreement (GA) is signed.

Focus of the call -

- Democracy and Governance
- The European Cultural Heritage and the Cultural and Creative Industries
- Social and Economic Transformations

Target Audience-

Any legal entity, or any researcher on behalf of any legal entity, that specializes in one or more of these domains:

- Social Sciences: Political Science, International Relations, Public policy, Law, Sociology, Anthropology, Social work, Migration, Economy, etc.
- Humanities: Traditions, Crafts, Arts, Architecture, Literature, Languages, Theatre, Films/Cinema, Music, etc.

Area	Topic & Short Description	Expected TRL	Topic Budget (M€)	Funding Terms
Destination 1: Democracy and Governance: Protecting and nurturing democracies	CL2-DEMOCRACY-2021-01-01 Representative democracy in flux: Develop policy recommendations, toolkits, narratives and methodologies for enhancing trust in political institutions, and boosting transparency, representativeness, and inclusiveness of representative systems.		7	RIA Budget per project: 1.50 - 2.50 M€
	CL2-DEMOCRACY-2021-01-02 The impact of inequalities on democracy: Development, validation and piloting of strategies, policies and interventions for tackling inequalities while boosting trust and resilience at different levels of governance, including at the local level.		7	RIA Budget per project: 1.50 - 2.50 M€
	CL2-DEMOCRACY-2021-01-03 The future of liberal democracy in Europe: Produce theoretically and empirically robust visions for the future of liberal democratic institutions. Develop recommendations, toolkits, narratives and methodologies to reinstate the legitimacy and effectiveness of liberal democracies.		7	RIA Budget per project: 1.50 - 2.50 M€
	CL2-DEMOCRACY-2021-01-04 Economic models and modern democracies: Theoretically and empirically robust recommendations aiming to instil greater democratic accountability and inclusion in economic processes.		7	RIA Budget per project: 1.50 - 2.50 M€
	CL2-DEMOCRACY-2021-01-05		7	RIA

	<p>Feminisms for a new age of democracy: Promote gender equality theoretically and practically and thus support the quality of democratic governance in more inclusive European societies. Understand how feminism and gender are used in extreme populist discourses, and counter gender-equality repressive strategies and policies.</p>			Budget per project: 1.50 - 2.50 M€
	<p>CL2-DEMOCRACY-2021-01-06 Democratic politics in the EU's neighbourhood: Development of an improved policy toolkit for supporting liberal democracy in the European Union's neighbourhood, paving the way for more stability and cooperation.</p>		7	RIA Budget per project: 1.50 - 2.50 M€
	<p>CL2-DEMOCRACY-2021-01-07 Politics and governance in a postpandemic world: Comparative and historical analysis of the multilevel political impacts of the COVID-19 pandemic crisis. Recommendations, to enhance the capacity of the EU and other democratic institutions, governments and intergovernmental bodies to build responses to global catastrophes based on international collaboration, solidarity, the rule of law and respect of fundamental values and human rights.</p>		7	RIA Budget per project: 1.50 - 2.50 M€
Destination 2: European Cultural Heritage and the Cultural and Creative Industries: Research and innovation on cultural heritage and CCIs	<p>CL2-HERITAGE-2021-01-01 Green technologies and materials for cultural heritage: Developing methods to conserve, preserve and restore monuments and artefacts with respect to different materials in a sustainable green way. Ensure higher quality standards in conservation and restoration of Europe's cultural heritage. Improve sustainability and energy efficiency in heritage sites, museums and other cultural institutions. Strengthen citizens' contribution to safeguarding of their cultural heritage and art.</p>		7	RIA Budget per project: 3.50 - 4.00 M€
	<p>CL2-HERITAGE-2021-01-02 Effects of climate change and natural hazards on cultural heritage and remediation: Explore innovative and sustainable ways to protect cultural heritage and cultural landscapes from climate change, disaster risks and pollutants.</p>		7	RIA Budget per project: 3.50 - 4.00 M€
	<p>CL2-HERITAGE-2021-01-03 New ways of participatory management and sustainable financing of cultural institutions and museums: Ensure better access to cultural heritage and engagement with local communities, to preserve and strengthen social cohesion through inclusive and participatory procedures, in particular</p>		7	RIA Budget per project:

	during and after times of crises such as the coronavirus pandemic. Promote the role of museums and other cultural institutions in well-being, health, resilience, social inclusion and society's dealing with trauma and post-crisis recovery.			1.50 - 2.50 M€
	CL2-HERITAGE-2021-01-04 Games and culture shaping our society: Evidence of the impact of games on European society, including their cultural value and risks and their innovation potential and play (on-line or other). Knowledge on the role of the games industry and non-commercial creative practices in the EU to benefit society and of legal and intellectual property rights issues linked to the gaming population and games industry in the international markets. Potential for improving games in terms of improving education, skillsets, responsible business models, employment chances, social cohesion and creativity.		7	RIA Budget per project: 2.00 - 3.00 M€
	CL2-HERITAGE-2021-01-05 Coordination of European cultural heritage research and innovation among Member States: Mapping of cultural heritage national activities, provenance research, architecture, programmes and European ERA-Net Co-funding schemes on cultural heritage R&I. Evaluate the European value added, possible overlapping with central EU activities, gaps and their impact. Identify the objectives of a future, ground-breaking and wide network, to increase the impact of national funding at European level and provide analysis and policy scenarios for future EU-level intervention in this area including on the role and participation of cultural and creative sectors.		2	CSA Budget per project: 1.50 - 2.50 M€
	CL2-HERITAGE-2021-01-06 Cultural and creative industries as a driver of innovation and competitiveness: The role of the cultural and creative industries as drivers of innovation in other economic sectors such as industry and services. Direct and indirect effects on the EU economy, economic spillover effects on other sectors and the potential for further economic growth and employment in the cultural and creative industries. Evidence of how cultural and creative EU industries could benefit from new technologies, new business models, skills development, new distribution and/or promotion models. Further strengthening the competitiveness and drawing benefit from the innovation potential of the sector in the EU and in the international markets.		7	RIA Budget per project: 2.50 - 3.50 M€
	CL2-HERITAGE-2021-01-07		7	RIA

	<p>Preserving and enhancing cultural heritage with advanced digital technologies: Develop and strengthen the use of digital technologies to protect, preserve, restore and safeguard cultural heritage and the arts in complementarity to other research methods. Facilitate and widen access to cultural assets through digital and cutting-edge technologies and tools. Support comparative analysis with artificial intelligence, including analysis across time, and other digital means. Increase the competitiveness of cultural and creative industries in the internal market and internationally, and provide opportunities for new and sustainable jobs creation. Explore the role of digital tools in engaging with cultural heritage during and after the COVID-19 crisis.</p>			<p>Budget per project: 3.50 - 4.00 M€</p>
<p>Destination 3: Social and Economic Transformations: Inclusiveness in times of change</p>	<p>CL2-TRANSFORMATIONS-2021-01-01 Return and readmission of irregular migrants in the EU: Assess barriers and enablers of EU migration governance return and readmission policy, and notably as regards obstacles to readmission in the countries of origin. Suggest avenues for international cooperation on migration between the EU, its Member States and countries of origin and transit of migrants. Consider alternatives to returning migrants to countries of origin and transit and evaluate human-rights related, political and financial trade-offs of these options. Develop recommendations based on analyses of stakeholders involved and financial and political costs associated to them. Develop innovative methodologies to analyse and evaluate negotiation strategies and positions of international actors on migration. Map and analyse approaches developed in EU and non-EU countries in terms of other alternatives to return.</p>		7	<p>RIA Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-02 Estimates and conditions of irregular migrants in Europe – stakeholder network: Assess legal frameworks across the EU that determine the irregular status of migrants. Determine novel methodologies to address consequent discrepancies in datasets across Europe, resulting from different methodologies and policy frameworks.</p>		2	<p>CSA Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-03 Providing support in a changing world of work and social protection: Understanding of the labour market impacts of the arising new forms of work on the European welfare systems, cast against a background of demographic changes, globalisation, digitalisation and a green transition. Propose policy measures for adapting welfare systems. Lessons from</p>		7	<p>RIA Budget per project: 1.50 - 2.50 M€</p>

	recent policy interventions in a contextual manner and propose adjustment measures.			
	<p>CL2-TRANSFORMATIONS-2021-01-04</p> <p>Socio-economic effects of ageing societies: Analyse the impacts of ageing societies on productivity, society, employment, investment, growth, healthcare systems and public finance sustainability in the medium and long term, while maintaining service adequacy. Propose knowledge-based policy measures to reap the benefits of longer healthy life expectancy and explore ageing related phenomena. Counteract the effects of ageism and age segregation, while promoting the benefits of experience and knowledge accumulation drawing on inclusive and dialogic approaches.</p>		7	<p>RIA</p> <p>Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-05</p> <p>Determining key drivers of inequality trends: Analyse the main drivers of inequality trends, considering both inequality of opportunities and inequality of outcomes, and identify policy factors for tackling them. Identify and analyse different drivers of inequalities at the local, regional, national and supranational level and identify the governance levels best placed to act. Produce research evidence, guidance and recommendations for policy-makers, social partners, firms and stakeholders to tackle unsustainable trends and reverse inequalities. Understand key drivers of increasing territorial inequalities and identify policy factors at different governance levels for tackling urban and rural decline. Understand how people perceive these inequalities.</p>		7	<p>RIA</p> <p>Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-06</p> <p>Addressing poor learning outcomes in basic skills and early school leaving at national, regional and local level in Europe: Develop a specific diagnosis and targeted methodologies for combatting persistent low levels and negative trends in learning outcomes in Europe. Focus on student proficiency in reading, mathematics and science, including the importance of supporting and reinforcing the development of other key competences and basic skills. The effects of tracking between different educational pathways and the impact on different target groups.</p>		7	<p>RIA</p> <p>Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-07</p> <p>Integration of emerging new technologies into education and training: Increase the shared critical understanding of the potential, opportunities, barriers, accessibility issues and risks</p>		7	<p>RIA</p>

	<p>of using emerging technologies for teaching and learning, as well considering the framework for the sustainable digitisation of education and learning in the future. Research on the adaptation and mainstreaming of the use of digitally enhanced pedagogies, while also maintaining its human dimension and social relevance. Share evidence and good practice on equipping teachers, trainers, educational leaders and learners with the skills necessary for the use of technology in creative, critical, competent and inclusive ways. Analyse the needs for adequate teacher training in relation with new educational technologies.</p>			<p>Budget per project: 1.50 - 2.50 M€</p>
	<p>CL2-TRANSFORMATIONS-2021-01-08 Towards a new normal? Employment and social impacts of changing supply chains and declining trade intensities: Develop knowledge on the ongoing and expected changes and disruptions in trade patterns, global value chains and production networks. Identify innovative ways to maximise the potential and mitigate the adverse social, economic and environmental impacts of changes in global value chains and international trade patterns in European urban and rural areas. Assess the impacts of the coronavirus pandemic and related public health crisis on global value chains, production networks and security of supplies, and their short- and longer term implications for employment and social resilience in the EU. Unfold policy scenarios for future value chain developments, production networks and level playing field trade relations, which will ensure security of strategic supplies, strengthen the economic resilience of societies, foster sustainable employment creation in the EU and mitigate the impacts of future trade and value chains disruptions on EU employment. Produce new, innovative methodologies and ways for assessing and monitoring the level playing field developments in trade and value chains in the EU.</p>		<p>7</p>	<p>RIA Budget per project: 1.50 - 2.50 M€</p>

Opening: 31.3.2021
Deadline: 15.6.2021
